

January

Primary 1/2

Well, some of us are still exhausted from all the excitement of last term! Summer said, "Our Nativity was great!" Kenzie thought, "It was hard to get it all together." We all loved our Christmas party and Kayla said, "WE SAW SANTA!"

Literacy

Last term we all worked really hard at learning our new sounds and our key words. We have enjoyed sharing lots of new stories.

For writing, we have looked at Christmas poems. We made up our own poems and wrote a letter to Santa!

Numeracy

In numeracy P1 are learning their numbers to 20 and are getting really well with addition! P2 have been learning to subtract within 20 and are fantastic at numbers to 100. Both P1 and P2 have also studied length. This involved measuring things in the playground using different parts of their bodies!

Lots and lots of learning!!!

In our topic "Squeaky Clean" we learned how to look after ourselves. We know that our grown-ups at home help us and so does the doctor, dentist, optician and lots of other people.

In Science we learnt about topical issues such as how sparklers work and why we use wind turbines!

In RME we learnt about the Christmas story and its true meaning.

Lots of Fun!!!

Our class have had lots of fun during our indoor and outdoor PE lessons. For indoor PE we have concentrated on 'fitness' and this has included learning a new dance - 'The Neilsland Circle'. During outdoor PE we sing nursery rhymes and play games.
